May 20, 2021

Dear Families,

I hope this letter finds you well. As you are aware there have been some changes to COVID-19 protocols and guidelines throughout our state. We wanted to take this time to identify the way in which we need to finish out the school year. The procedures and protocols that we have in place have allowed us to provide in-person instruction since September with minimal interruption. With only 17 days left, we must continue to work together to stay safe and open.

1. Masks must continue to be worn – this includes adults and siblings picking up students. The faculty and administration continue to work in mask breaks for students during the day.
2. The travel ban has been lifted for people who are vaccinated. Please work directly with your nurse if you have questions about travel.
3. Direct exposure – any non-vaccinated child or adult must quarantine for 10 days or have a PCR test on day 5 and come out of quarantine on day 8 if the results are negative. Anyone who is fully vaccinated does not need to quarantine after a direct contact.

Please continue to work directly with your school nurse if you have any specific questions or concerns. As always, we thank you for your patience, cooperation and understanding during these ever-changing times. I am forever grateful for our ability to BE a team and BE supportive of each other so that our children reap the ultimate benefit of social, emotional and academic well-being.

Stay well,

Tracey Marinelli  
Superintendent of Schools  
Mrs. Julie Abboud  
School 2 Nurse  
Mrs. Audrey O'Jeda  
School 3 Nurse  
Mrs. Donna Hamilton  
School 1 Nurse
